

ROSE WHARF

LEEDS

TRADITIONAL AND FULLY FITTED WORKSPACES FROM 400 - 35,000 SQ.FT.

This iconic building is being renovated and reworked with stylish designs, clean lines and bright open spaces whilst maintaining all of it's industrial charm and character.

Rose Wharf is being remodelled to include the following best-in-class building amenity:

- RIVERSIDE BUSINESS LOUNGE AND CAFE
- OUTDOOR TERRACE OVERLOOKING RIVER AIRE
- FITTED WORKSPACES
- BOOKABLE MEETING ROOMS AND EVENT SPACE
- NEW CYCLE STORAGE HUB
- SHOWERS & CHANGING FACILITIES
- SUBSTANTIAL CAR PARKING WITH EV CHARGING

This Grade II Listed former Flax mill has been a part of the Leeds landscape since 1831 and appears in the The National Heritage List for England.

This iconic warehouse style building has been home to hard work, industrious spirit and big ideas for almost 200 years, with inspiring features including exposed brick walls and vaulted ceilings.

Here's to THE ORIGINAL ONE

ROSE WHARF

A large, multi-story brick building with a grid of windows is reflected in the calm water of a river. The reflection is clear and detailed, showing the texture of the brick and the dark frames of the windows. The sky is a deep blue, and some green foliage is visible in the upper left corner.

WORKS BETTER by the river

It's more than just inspiring views from your office window. Here, employees enjoy rejuvenating walks and our inviting outdoor spaces along the riverfront. The perfect, balanced environment for business success.

NATURAL

Join a part of the city that embraces its green nature in every aspect. Take riverside strolls, shaded by lush canopies or find solace on the grassy banks, watching boats glide by. Positioned at the gateway of Leeds' climate innovation district and waterfront cycling routes, Rose Wharf invites you to embrace the city's green spirit.

HABITAT

LOCAL LIFE

Around Rose Wharf, a lively neighbourhood awaits. Grab a bite at restaurants or chill at cafes and bars. Take strolls by the river, read from the Free Little Library or stay fit with yoga and gym options nearby or pop into Tesco Express for the essentials.

Stay connected but with the distance you need to focus. Rose Wharf’s unique location places it in close proximity to the Leeds Dock neighbourhood and all of its benefits with the option to head into the busier city centre if required.

REFINE REVAMP REUSE

the ultimate in sustainability.

A refurbished building reflects a responsible and balanced approach to development impact. Reusing existing architecture is faster, cost-saving, and more sustainable than constructing new buildings.

35%

of a new build office building carbon is emitted before the building is operational.

50%

re-use of super structure makes up approximately 50% of the upfront embodied carbon alone.

10+ yrs

Even energy efficient buildings can take decades to save more operational energy emissions than were created in the construction.
